

## Petol Suckerod Spin Wrench

PETOL™ SUCKEROD SPIN WRENCHES are used for making up sucker rods when a “snap-up” type wrench is not necessary. They come in two sizes, are made of alloy steel, and are heat treated to withstand rugged use.

Petol Suckerod Spin Wrench				
ITEM	SIZE OF SQUARE	SIZE OF ROD	LENGTH	WEIGHT (kg)
QS1-16	7/8"	8"	16"	2,20
QS2-16	1"	15"	16"	2,30
